### **DETAILED ACTION**

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/24/04 has been entered.

### ***Election/Restrictions***

Claims 2, 11 and 12 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 9/13/02.

### ***Information Disclosure Statement***

The information disclosure statement filed 9/24/04 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the foreign patent documents referred to therein have not been considered.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 3, 4, 6-10, 13-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 8 and 9 are dependent on cancelled claim 5, and therefore, the intended metes and bounds of the claimed subject matter cannot be accurately determined. Claim 10 is also vague and indefinite by its dependency on claim 9, thus indirectly it is dependent on cancelled claim 5.

Claims 1 and 16 and by dependence, claim 3, 4, 6-10, 13-15 are vague and indefinite, since it is not clear what the various phrases in part (b) are intended to modify. For instance, does the phrase "which contains the nucleotide sequence shown in SEQ ID NO:24" refer to the "DNA " or to the "nucleotide sequence in which one or more bases are deleted, substituted, or added in the nucleotide sequence shown in SEQ ID NO:1", etc. The intended metes and bounds of the claims cannot be determined.

***Conclusion***

No claims are allowed.
